

1. Record Nr.	UNINA9911006542103321
Titolo	Special mixture design considerations and methods for warm mix asphalt : a supplement to NCHRP report 673, A manual for design of hot mix asphalt with commentary
Pubbl/distr/stampa	[Place of publication not identified], : Transportation Research Board, 2012
ISBN	1-62198-279-3
Descrizione fisica	1 online resource (44 p.)
Collana	NCHRP report Special mixture design considerations and methods for warm mix asphalt
Soggetti	Asphalt concrete - Design Mixtures - Materials Pavements, Asphalt concrete Civil & Environmental Engineering Chemical & Materials Engineering Engineering & Applied Sciences Transportation Engineering Materials Science
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references.
