

1. Record Nr.	UNINA9911006555903321
Titolo	Best Practice in Environmental Management of Uranium Mining
Pubbl/distr/stampa	[Place of publication not identified], : International Atomic Energy Agency, 2010
ISBN	1-5231-2999-9 1-282-88800-5 9786612888007 92-0-105909-4
Edizione	[1st ed.]
Descrizione fisica	1 online resource (47 pages)
Disciplina	553.4932
Soggetti	Uranium mines and mining
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di contenuto	Cover -- Foreword -- Contents -- 1. Introduction -- 1.1.Background -- 1.2.Objective -- 1.3.Structure -- 2. Guiding Principles -- 2.1. Sustainable Development -- 2.2.As Low As Reasonably Achievable -- 2.3.Precautionary Principle -- 3. Best Practice Application -- 3.1. Baseline Data Collection -- 3.2.Public/Stakeholder Involvement -- 3.3. Impact Assessment -- 3.4.Risk Assessment -- 3.5.Design -- 3.6. Operation -- 3.7.Waste -- 3.8.Closure -- Appendix I - Case Studies: Application Of Best Practice Principles -- I.1.Saskatchewan's Tripartite Planning Framework For Uranium Development -- I.2.Environmental Quality Committee -- I.3.Impact And Benefits Agreement -- I.4. Australian Public Consultation Process -- I.5.Ore Transport Accident - Emergency Response (Usa) -- I.6.Adaptive Management - Mcclean Lake Operation (Canada) -- I.7.Management Of Contractors - Inkai Project (Kazakhstan) -- I.8.Dangerous Goods Transport -- References -- Annex - Papers Presented At An Iaea Technical Meeting Held In Saskatoon, Canada, 22-25 June 2004 -- Contributors To Drafting And Review.
Sommario/riassunto	This publication has been written to assist Member States in the development of their uranium mineral resources. It sets out the basic tenets of best practice in terms of environmental management of

uranium mining and processing operations from the viewpoint of both operators and regulators, and is accompanied by a collection of case studies from leading representatives in the global mining industry.
