

1. Record Nr.	UNINA9911006589703321
Autore	Gillum Donald R
Titolo	Industrial pressure, level, and density measurement
Pubbl/distr/stampa	[Place of publication not identified], : International Society of Automation, 2009
ISBN	1-64331-175-1 1-61583-552-0
Edizione	[2nd ed.]
Descrizione fisica	1 online resource (655 pages)
Collana	International Society of Automation Series
Disciplina	681/.2
Soggetti	Pressure transducers - Density - Measurement Level indicators Liquids Mechanical Engineering Engineering & Applied Sciences Mechanical Engineering - General
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Sommario/riassunto	Industrial Pressure, Level, and Density Measurement is a practical, application-focused guide for technicians, engineers and students. Written clearly with real-world examples, this book begins with measurement fundamentals and explains how instruments convert physical quantities (such as pressure, level and density) into useful readings.
