

1. Record Nr.	UNINA9911006659003321
Autore	Rosen Stanley R
Titolo	Thermoforming : improving process performance / / Stanley Rosen
Pubbl/distr/stampa	Dearborn, Mich., : Society of Manufacturing Engineers, : Plastics Molders & Manufacturers Association of SME, c2002
ISBN	1-62104-043-7 1-61344-956-9
Descrizione fisica	xvi, 328 p. : ill
Disciplina	668.4/12
Soggetti	Thermoforming
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references (p. 317) and index.
Sommario/riassunto	Thermoforming: Improving Process Performance describes the roll-fed thermoforming process, plastic materials, design of thermoformed products, thermoforming machines, trim presses, mold design, components of a complete mold system, mold layout and machine base design, mold cost estimating, knife-like trim dies, thermoforming offline punch and die trimming.
