

1. Record Nr.	UNINA9911006696803321
Titolo	Radiation Protection and Measurements for Low Voltage Neutron Generators [[electronic resource]]
Pubbl/distr/stampa	Bethesda, Maryland, : NCRP Report No. 72, 19821201 NCRP Report No. 72
ISBN	1-4356-2934-5 1-60119-242-8
Descrizione fisica	1 online resource (88 p.)
Collana	NCRP report Radiation protection and measurement for low-voltage neutron generators
Disciplina	539.7/213/0289
Soggetti	TECHNOLOGY & ENGINEERING Power Resources / Nuclear Neutron sources - Safety measures Radiation - Measurement Radiation dosimetry Radiologic Health Elementary Particles Physical Phenomena Public Health Environment and Public Health Delivery of Health Care Radiation Protection Neutrons Physics Physical Sciences & Mathematics Nuclear Physics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
