

1. Record Nr.	UNINA9911006993503321
Titolo	A working party report on marine corrosion of stainless steels : chlorination and microbial effects
Pubbl/distr/stampa	London, : Published for the European Federation of Corrosion by The Institute of Materials, 1993
ISBN	1-907747-05-2 1-60119-171-5
Descrizione fisica	1 online resource (223 p.)
Collana	European Federation of Corrosion publications ; ; no. 10 Book ; ; no. 546
Soggetti	Stainless steel - Corrosion
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references.
Sommario/riassunto	(Working Parties on Marine Corrosion & Microbial Corrosion) Contents include: aspects of marine corrosion and testing for seawater applications; experience with seawater chlorination on copper alloys and stainless steels; an intelligent probe for in-situ assessment of the susceptibility of hydrogen induced cracking of steel for offshore platform joints.
