

1. Record Nr.	UNINA9911007021203321
Autore	Welch T.
Titolo	Refrigeration / / T. Welch, Helen Carwardine, Ken Butcher
Pubbl/distr/stampa	London : , : Chartered Institution of Building Services Engineers, , 2008
ISBN	9781628709780 1628709782
Descrizione fisica	1 online resource (26 pages)
Collana	CIBSE Knowledge Series ; ; KS13
Disciplina	621.56
Soggetti	Refrigeration and refrigerating machinery
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	<p>This publication is aimed at those entering the building services industry without previous knowledge of the subject, such as graduates with mechanical, electrical or civil engineering degrees. It will also be useful for anyone without specialist experience in refrigeration. Refrigeration is sometimes seen as a "black art" and something of a mystery, so this publication tries to unveil the workings and behaviour of refrigeration equipment applied into air conditioning for building services. -- Provided by publisher.</p>
