Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	ABE and CCA security -- Succinct arguments and secure messaging -- Obfuscation -- Block ciphers -- Differential privacy -- Bounds for symmetric cryptography -- Non-malleability -- Blockchain and consensus -- Homomorphic primitives -- Standards -- Searchable encryption and ORAM -- Proofs of work and space -- Secure computation -- Quantum, secure computation and NIZK, Lattice-based cryptography -- Foundations -- Efficient secure computation --

Signatures -- Information-theoretic cryptography -- Cryptanalysis.

Sommario/riassunto

The three volume-set LNCS 11476, 11477, and 11478 constitute the thoroughly refereed proceedings of the 38th Annual International Conference on the Theory and Applications of Cryptographic Techniques, EUROCRYPT 2019, held in Darmstadt, Germany, in May 2019. The 76 full papers presented were carefully reviewed and selected from 327 submissions. The papers are organized into the following topical sections: ABE and CCA security; succinct arguments and secure messaging; obfuscation; block ciphers; differential privacy; bounds for symmetric cryptography; non-malleability; blockchain and consensus; homomorphic primitives; standards; searchable encryption and ORAM; proofs of work and space; secure computation; quantum, secure computation and NIZK, lattice-based cryptography; foundations; efficient secure computation; signatures; information-theoretic cryptography; and cryptanalysis.

Leadership and Organization; Chapter 11. Executing the Campaign; A Final Thought; Bibliography; About the Authors
-------------------	--

Sommario/riassunto	This book represents a marriage of research and successful practice, presenting a comprehensive planning model for school leaders preparing for and conducting school finance elections. Information presented emphasizes systems and strategies rather than specific campaign tactics. Avoiding a myopic focus on tactics allows school leaders to elevate their thinking to a more comprehensive and long-range vision of election planning. Each of the chapters elaborates on one of the ten elements in the authors' comprehensive planning model. Use of this model has reaped success in all types of school dist
