Journeys to Professional Excellence: Stories of Courage, Innovation, and Risk-Taking in the Lives of Noted Psychologists and Counselors edited by Frederic P. Bemak and Robert K. Conyne explores the professional journeys of well-known psychologists and counselors, examining factors that contributed to their successes and struggles in the field.

Powerful narratives cover the challenges and joys related to ethnic identity; moving from poverty; finding significance; dealing with immigrant status; exploring public policy; challenging the status quo; experiencing serendipity and exploring one's way; moving into new professional roles; and taking risks. These stories will ignite passion in future psychologists and counselors by helping them reflect on the relationship between their own personal and professional identities.
