Sommario/riassunto	A biography of the revolutionary philosopher and psychiatrist. & nbsp; Doctor, militant, essayist, ambassador, teacher, journalist, pan-Africanist, Frantz Fanon sought to decolonize mid-twentieth-century culture as he embodied a new kind of intellectual. Born in colonial Martinique, he fought for France during World War II but later renounced his citizenship and fought in the Algerian War of Independence. This book emphasizes Fanon's gift for self-invention and performance as it follows his short but extraordinary life and explores how his pioneering work in psychiatry influenced his revolutionary philosophy.
