Sommario/riassunto	This publication, authored by the Association of American Colleges and Universities, explores the transformation of general education in higher education. It discusses the current challenges faced by the education system and proposes solutions to enhance the quality and effectiveness of general education. The book emphasizes the importance of aligning educational practices with the needs of a diverse and rapidly changing global society. It aims to provide educators, policymakers, and academic institutions with insights and strategies to improve educational outcomes. The work is supported by the Bill & Melinda Gates Foundation, indicating a focus on innovation and reform in educational practices.
