## Sommario/riassunto

This book is a comprehensive collection of selected papers and speeches by Alister McIntyre, focused on Caribbean trade, integration, and development. Edited by Andrew S. Downes, Compton Bourne, M. Arnold McIntyre, and Rosalie O'Meally, it explores the intellectual foundations and economic policies of Caribbean integration. The book covers topics such as regional economic integration, international trading relations, and the future of Caribbean trade, featuring insights from significant events and conferences. The works reflect on the economic challenges and opportunities faced by the Caribbean community, emphasizing the importance of negotiation preparedness and regional cooperation. It is intended for economists, policymakers,

and scholars interested in Caribbean development and economic integration.
