| Sommario/riassunto      | This collection features examinations of popular culture, including manga, music, film, cosplay, and literature, among other topics. Using interdisciplinary sources and analyses, this collection adds to the global discussion and relevancy of Japanese popular culture. This collection serves to highlight the work of multidisciplinary scholars who offer fresh perspectives of ongoing cross-cultural and cyclical influences that are commonly found between the US and Japan. Notably, this collection considers the relationships that have influenced Japanese popular culture, and how this has, in turn, influenced the Western world. |
