| Sommario/riassunto | This book, 'Requiem Litúrgico: Para coros y orquesta,' authored by León J. Simar, is a musical composition and scholarly work that explores a liturgical Requiem designed for choirs and orchestras. It adheres to the principles outlined in Pope Pius X's Motu Proprio, emphasizing simplicity and avoiding excessive musical repetitions to maintain the liturgical flow. The work reflects a Christian perspective on death, integrating themes of hope and eternal life. Written in memory of Antonio M. Valencia, it premiered in 1955 in Cali, Colombia, during a public homage to the composer. The book also delves into León J. |

Simar's life, his European musical heritage, his career as a composer, and his contributions to Colombia's musical community after emigrating post-World War II. The book is an essential resource for those interested in sacred music, liturgical traditions, and the historical context of musical compositions.
