Sommario/riassunto	If your team isn't getting results, you may think the problem starts with a failure in leadership. While the person in charge may have issues, a leadership problem doesn't necessarily mean you have a "leader" problem. Leadership is not just about the people at the top, but is a social process, enabling individuals to work together as a cohesive group to produce collective results. This book will show you how to diagnose problems in your team by focusing on the three outcomes of effective leadership: direction, alignment, and commitment. By assessing where your group stands in each of these outcomes, you can plan and implement the changes necessary to get better results.

Sommario/riassunto	This is the first English translation of the earliest Italian Tristan romance, the Tristano Riccardiano, preserved in MS. 2543 of the Biblioteca Riccardiana in Florence. In Italy, Tristan was more popular than any other Arthurian hero; the French prose Tristan gained great currency, soon yielding Italian prose translations / adaptations. The Riccardiano, dating from the late thirteenth century, is notable for representing an early branch of the French prose Tristan, now lost. The translation offers new evidence for the development of the Tristan story in Europe, particularly in the changes it rings on the themes of love, chivalry, honour, betrayal, and adultery. In theme and narrative style the Riccardiano reflects a new audience and a new social context, that of an urban Tuscan middle class, and an important stage in the emergence of Italian prose narrative. Apparatus includes an introduction, a select bibliography, a synopsis of the romance, an index of proper names.
