Sommario/riassunto

The Quiche state in Guatemala flourished for several centuries before
 being destroyed by the conquistadors in 1524. During the early years
 of the ensuing period, the Quicheans recorded their past history and
 legends, writing in their own language but using the Latin alphabet.
 Many of these chronicles have survived, each illuminating various
 aspects of pre-conquest Quichean culture. Organized in six sections,
 Quichean Civilization categorizes all the documented sources
 describing the Quiche Maya. I. Introduction II. Native Documents III.
 Primary Spanish Documents IV. Secondary Sources V. Modern

Anthropological Sources VI. A Case Study: Título C'oyoi This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1973.
