

1. Record Nr.	UNINA9911009340603321
Autore	Ogwu Matthew Chidozie
Titolo	Evaluating Environmental Processes and Technologies // edited by Matthew Chidozie Ogwu, Sylvester Chibueze Izah
Pubbl/distr/stampa	Cham : , : Springer Nature Switzerland : , : Imprint : Springer, , 2025
ISBN	3-031-85327-X
Edizione	[1st ed. 2025.]
Descrizione fisica	1 online resource (808 pages)
Collana	Environmental Science and Engineering, , 1863-5539
Altri autori (Persone)	Chibueze IzahSylvester
Disciplina	333.7
Soggetti	Environmental management Environmental monitoring Sustainability Environmental Management Environmental Monitoring
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Fundamentals of Environmental Processes and Technologies -- Introduction to Environmental Systems and Processes -- Principles of Sustainable Development and Environmental Management -- Integrated Approaches to Natural Resource Management -- The Role of Ecology in Environmental Technology Development -- The Science of Pollution: Sources, Pathways, and Effects.
Sommario/riassunto	This book fills a crucial gap in the literature by providing an in-depth exploration of sustainable environmental technologies. While individual aspects of environmental management have been addressed in isolation, this book offers a holistic view of the technologies and processes that together form the backbone of sustainable practices globally. The emphasis on real-world case studies from the Global South and the integration of technological advancements make this work timely and essential.
