Investigative Interviewing in the Context of Corruption Investigations -- Chapter 6. Interviewing Children -- Chapter 7. Investigative Interviewing in the context of Sexual and Gender-based Violence.
Sommario/riassunto	This book draws on international research and best practices to provide readers with the knowledge and insights necessary to navigate the complex and challenging environment of investigative interviewing. It highlights the importance of investigative interviewing in investigations, and provides guidance on how to conduct effective and ethical interviews in five critical investigative contexts, including: Regulatory, Corporate and workplace investigations Corruption investigations and interviewing “Whistleblowers” Forensic interviewing

of children Sexual and gender-based violence This volume features case studies and excerpts from real-life interviews to create evidence-based tools for conducting effective, ethical interviews. The effectiveness of the interview techniques described are demonstrated in a wide range of investigative contexts. Ultimately, this book aims to increase the likelihood that victims of abuse, exploitation, trafficking and violence have a voice in the justice system and reduce the risk of secondary victimization. It is ideal for criminal justice practitioners and those interested in fulfilling the UN's Sustainable Development Goal #16, "Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels".
