

1. Record Nr.	UNINA9911018881703321
Autore	Boche Gernot
Titolo	Cyclopropane Derived Reactive Intermediates: Updates from the Chemistry of Functional Groups
Pubbl/distr/stampa	[Place of publication not identified], : John Wiley & Sons Incorporated, 1990
ISBN	0-470-77896-2 0-470-77240-9 0-470-77241-7
Descrizione fisica	1 online resource (ix, 256 pages) : illustrations
Collana	PATAI'S Chemistry of Functional Groups
Disciplina	547/.512
Soggetti	Cycloprane Intermediates (Chemistry) Organic compounds
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Cyclopropyl radicals, anion radicals, and anions [with appendix] -- Cyclopropyl cations -- Cyclopropyl carbenoids -- Cyclopropane cation radicals.
Sommario/riassunto	An expanded and updated version of "Cyclopropyl Radicals, Anion Radicals and Anions" contributed to the 1987 volume, "The Chemistry of the Cyclopropyl Group" by Rappaport. It includes recent investigations of cyclopropane cation radicals in the gas phase, in solutions and in matrices.
