| Sommario/riassunto | Dennis Bark offers an in-depth examination of the deteriorating relationship between America and Europe: our differences and similarities, the reasons behind our conflicts, and the future of our alliance. He shows that, by learning what our essential difference teaches us about ourselves and drawing on our shared affinities, we might repair our fading relationship. |

| Sommario/riassunto | This book is a user manual for understanding and deployment of open |

source software licensing in business. Written for lawyers and businesspeople alike, it explains and analyzes open source licensing issues, and gives practical suggestions on how to deal with open source licensing in a business context. Including useful forms, information, and both technical and licensing background, this book will help you avoid legal pitfalls and educate your organization about the risks of open source.
