Now in its 23rd year, the International Review of Industrial and
Organizational Psychology has attracted contributions from leading
researchers and produced many citation classics. Each volume is a
state-of-the-art overview of topics spanning the full spectrum of I/O
psychology and 2008 is no exception. Areas covered include leadership
development, the psychology of careers, employee recruitment, health
promotion in the workplace, and politics at work. Each chapter is
supported by a valuable bibliography. For advanced students,
academics, researchers and professionals this remains the
