

1. Record Nr.	UNINA9911019173703321
Titolo	Hormones, psychology and behaviour and steroid hormone administration // general editor for the Ciba Foundation, G.E.W. Wolstenholme ; assisted by Margaret P. Cameron
Pubbl/distr/stampa	London, : Churchill, 1952
ISBN	9780470715178 0470715170 9780470714867 0470714867
Descrizione fisica	1 online resource (157 p.)
Collana	Ciba Foundation colloquia on endocrinology ; ; v. 3 Ciba Foundation symposium
Altri autori (Persone)	CameronMargaret P WolstenholmeG. E. W (Gordon Ethelbert Ward)
Disciplina	500
Soggetti	Steroid hormones Steroids Hormones Endocrinology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Proceedings of the Conference on the Influence of Steroid Hormones on Psychological and Behavioural Reactions, London, 1950, and the Conference on Steroid Hormone Administration, London, 1950. Contains only book II: "Steroid hormone administration."
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Hormones, Psychology and Behaviour Steroid Hormone Administration and Steroid Hormone Administration; Contents; Book II-Steroid Hormone Administration; Relation between effect and method of administration of androgens and cestrogens to fowl; Discussion; Some data on emulsions of steroid hormones; Discussion; Data on relative absorption rates of subcutaneous pellets of steroid hormones in rats; Studies on the absorption of pellets of steroid hormones and related substances in man; Discussion; Absorption data from tablet implantation in ruminants; Discussion Data on progesterone physiology and metabolismDiscussion; 17-Ketosteroid excretion and modes of administering testosterone

preparations; Discussion; Administration of sex hormones and sexual behaviour; Discussion; Artificial induction of lactation in goats by steroid hormones and synthetic estrogens; Discussion of Dr. Cowie's paper; Discussion; The difficulty of evaluating the potency of steroid hormones by different routes of administration in humans; Discussion; Observations on the results of pharmacological assay of synthetic estrogens and their clinical effects; Discussion  
Clinical impressions of values of estrogens and androgens administered by different routes Discussion; Chairman's Closing Remarks

---

Sommario/riassunto

The Novartis Foundation Series is a popular collection of the proceedings from Novartis Foundation Symposia, in which groups of leading scientists from a range of topics across biology, chemistry and medicine assembled to present papers and discuss results. The Novartis Foundation, originally known as the Ciba Foundation, is well known to scientists and clinicians around the world.
