Vawter, and Jeremy Chapman -- Ethical and consent issues in the reproductive setting : the

case of egg, sperm, and embryo donation / Sarah Franklin and Sharon R. Kaufman -- Clinical governance in cell and tissue banking / Elaine Swanson, William Randell, and Danielle B. Freedman.

Sommario/riassunto

This is the guide to tissue and cell donation that you have been waiting for. Policies and practices reviewed using specific donor case histories as examples. Multidisciplinary, multi-national team of editors and contributors, with expertise in ethics, consent, transplantation, microbiology and tissue and cell banking. Provides a guide to easier and safer practice in referrals, tissue procurement, cord blood collection and decision making in general. This unique book explores a range of issues related to the human impact of tissue and cell donation programmes aro
