

1. Record Nr.	UNINA9911019279303321
Titolo	Decision making in national science policy : a Ciba Foundation and Science of Science Foundation Symposium / / edited by Anthony de Reuck, Maurice Goldsmith and Julie Knight
Pubbl/distr/stampa	Boston, : Little, Brown and Co., 1968
ISBN	9786613618382 9781280588556 1280588551 9780470719619 0470719613 9780470717219 0470717211
Descrizione fisica	1 online resource (326 p.)
Collana	Novartis Foundation Symposia ; ; v.981
Altri autori (Persone)	De ReuckAnthony V. S GoldsmithMaurice KnightJulie
Disciplina	351.8/5 351.85
Soggetti	Science Science and state Decision making
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and indexes.
Nota di contenuto	DECISION MAKING IN NATIONAL SCIENCE POLICY; Contents; Scientific potential as an object of investigation and control in the Soviet Union; Chairman's introduction; Scientists in the arena; The philosophy and practice of national science policy; Discussion; Evaluation of research productivity; The productivity of science in a society; Discussion; Cost-benefit analysis in research; Discussion; Operational research and national science policy; Discussion; Decision making in research policy at the industrial level; Discussion; General discussion Selection of priorities for investment in science Science policy in mixed economiesFrance's scientific policy;

Observations on national science policy in Sweden; Discussion; Science policy making in the United States; Discussion; General discussion National science policy in Canada; Basic and applied research; Criteria for research: role of international scientific unions; Science policy in planned economies; National research planning and research statistics: the case of Hungary; General discussion Research and development in planned economies; Science policy in developing countries Science policy making in Latin America, with special reference to ArgentinaDiscussion; Science policy in India; Discussion; Science policy in a small country-Israel; Discussion; General discussion Science policy in developing countries; Applying first principles; Future tasks of the science of science; Index of authors; Index of subjects

Sommario/riassunto

The Novartis Foundation Series is a popular collection of the proceedings from Novartis Foundation Symposia, in which groups of leading scientists from a range of topics across biology, chemistry and medicine assembled to present papers and discuss results. The Novartis Foundation, originally known as the Ciba Foundation, is well known to scientists and clinicians around the world.
