Sommario/riassunto

From Naming to Saying explores the classic question of the unity of the proposition, combining an historical approach with contemporary causal theories to offer a unique and novel solution. Presents compelling and sophisticated answers to questions about how language represents the world. Defends a novel approach to the classical question about the unity of the proposition. Examines three key historical theories: Frege's doctrine of concept and object, Russell's analysis of the sentence, and Wittgenstein's picture theory of meaning. Combines an his
