

1. Record Nr.	UNINA9911019406003321
Titolo	Markov decision processes in artificial intelligence : MDPs, beyond MDPs and applications / / edited by Olivier Sigaud, Olivier Buffet
Pubbl/distr/stampa	London, : ISTE Hoboken, N.J. : Wiley, 2010
ISBN	9781118620106 1118620100 9781118557426 1118557425 9781299315471 129931547X 9781118619872 1118619870
Descrizione fisica	1 online resource (457 pages)
Altri autori (Persone)	SigaudOlivier BuffetOlivier
Disciplina	006.301/509233
Soggetti	Artificial intelligence - Mathematics Artificial intelligence - Statistical methods Markov processes Statistical decision
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	First published 2008 in France by Hermes Science/Lavoisier in two volumes entitled: Processus decisionnels de Markov en intelligence artificielle.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	pt. 1. MDPs : models and methods -- pt. 2. Beyond MDPs -- pt. 3. Applications.
Sommario/riassunto	Markov Decision Processes (MDPs) are a mathematical framework for modeling sequential decision problems under uncertainty as well as Reinforcement Learning problems. Written by experts in the field, this book provides a global view of current research using MDPs in Artificial Intelligence. It starts with an introductory presentation of the fundamental aspects of MDPs (planning in MDPs, Reinforcement

Learning, Partially Observable MDPs, Markov games and the use of non-classical criteria). Then it presents more advanced research trends in the domain and gives some concrete examples using illustr
