Sommario/riassunto	"The book examines the different types of claim common to construction contracts and presents a step-by-step guide to demonstrate the process of building up the submission of a claim. It includes guidelines as to how to set out the claim in a logical manner to ensure that the essentials of a successful claim are included. Worked examples of claims for variations, extensions of time and additional payment are included, together with sample wording showing precisely how the claim may be presented in a manner which contains a persuasive argument to support the claimant's case"-- Provided by publisher.
