Sommario/riassunto	Evidence-based, peer reviewed, best practice management guidelines for neurologists Diagnosis is only part of the puzzle. Effective treatment is what your patients really want. The European Federation of Neurological Societies has been publishing management guidelines in the European Journal of Neurology for many years. Developed by a consensus approach, using graded evidence, and then fully peer reviewed, these guidelines provide gold-standard, best-practice guidance to the treatment of neurological disorders. They help bridge

the gap between what is done and what should be do
