Perkins Jr -- Cryptogenic and symptomatic partial epilepsies / Stephen Fulton -- Neonatal seizures / Eric V. Hastriter -- Febrile seizures / Marie Francisca Grill -- Status epilepticus in childhood / Yu-tze Ng and Rama Maganti.

Sommario/riassunto

This book provides the contemporary, caring guidance you need to diagnose and manage seizures in a young patient. Beginning with an overview of the classification of seizure syndromes, the authors take a practical approach to a common but complex clinical challenge. Aimed at both professionals and trainees in neurology, this book will also be a useful guide for all primary health professionals caring for pediatric patients with this condition. It is intended as a foundation for further study into pediatric epilepsy and to serve as a quick, up-to-date reference for the recognition, diagnosis, b
