Sommario/riassunto

""A virtual bible of how economic indicators are constructed and used. Important tidbits of history are mixed with present-day nuances to explain why we should care about all the economic indicators.""?Allen Grommet, Senior Economist, Cambridge Consumer Credit Index ""This book is an indispensable resource for anyone that wants a practical understanding of the economy and how it is measured. The information is clear, concise, and will help investors at all levels leverage the vast amount of economic data available.""?Jesse Harriott, PhD, Vice President of Research, Monster Worldwide,
