

1. Record Nr.	UNINA9911019737003321
Titolo	Cardiac surgery in chronic renal failure // edited by Mark S. Slaughter
Pubbl/distr/stampa	Malden, Mass. ; ; Oxford, : Blackwell Futura, 2007
ISBN	9786611320416 9781281320414 1281320412 9780470762585 0470762586 9780470994931 0470994932 9780470994924 0470994924
Descrizione fisica	1 online resource (114 p.)
Altri autori (Persone)	SlaughterMark S
Disciplina	617.4/12
Soggetti	Heart - Surgery - Complications Heart - Diseases - Complications Chronic renal failure - Complications
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Dialysis and the chronic renal failure patient / Ejikeme O. Obasi ... [et al.] -- Percutaneous coronary revascularization in patients with end-stage renal disease / Charles A. Herzog, Khalid Ashai -- Cardiopulmonary bypass in patients with chronic renal failure: techniques and management / Michael A. Sobieski II, Mark S. Slaughter -- Coronary artery bypass grafting in dialysis-dependent renal failure patients / Matthew Forrester, William Cohn -- Surgical treatment of valvular heart disease in end-stage renal failure / Mark S. Slaughter -- Surgical evaluation and treatment of uremic pericarditis / Rosemary F. Kelly, Sara Shumway.
Sommario/riassunto	"The work focuses on a phenomenon that is occurring with increasing frequency in the practice of cardiac surgery, namely the need to address cardiac surgical issues in patients with end-stage renal disease

(ESRD). . . . this book will serve to stimulate trials of competing and complementary therapies so that the outcomes for these unfortunate patients can be improved."-- from the Foreword by R. Morton Boltman, III, MD Professor of Surgery, Harvard Medical School Chief, Cardiac Surgery, Brigham and Women's Hospital, Boston Cardiovascular disease remains the most co
