

1. Record Nr.	UNINA9911019743203321
Titolo	Malaria and the red cell / / [editors, David Evered and Julie Whelan]
Pubbl/distr/stampa	London, : Pitman, 1983
ISBN	9780470715444 0470715448 9780470715130 0470715138
Descrizione fisica	1 online resource (270 p.)
Collana	Ciba Foundation symposium ; ; 94
Altri autori (Persone)	EveredDavid WhelanJulie
Disciplina	616.9/362 616.9362
Soggetti	Malaria Erythrocytes
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and indexes.
Nota di contenuto	Malaria and the red cell; Contents; Introduction; Erythrocyte membrane structure and function; Discussion; Maturation of the intracellular parasite and antigenicity; Discussion; Structural alteration of the erythrocyte membrane during malarial parasite invasion and intraerythrocytic development; Discussion; Transport of ions in erythrocytes infected by plasmodia; Discussion; The anaemia of Plasmodium falciparum malaria; Discussion; The spleen in malaria; Discussion; Influence of the spleen on the expression of surface antigens on parasitized erythrocytes; Discussion Protective immunity to malaria and anti-erythrocyte autoimmunityDiscussion; Genetic variation in the host and adaptive phenomena in Plasmodium falciparum infection; Discussion; Glycophorins and red cell invasion by Plasmodium falciparum; Discussion; Expression of inherited resistance to malaria in culture; Discussion; Metabolism and surface transport of parasitized erythrocytes in malaria; Discussion; Mode of action of antimalarial drugs; Discussion; General discussion (introduced by R. J. Howard); Closing remarks; Index of contributors; Subject index

Sommario/riassunto

The Novartis Foundation Series is a popular collection of the proceedings from Novartis Foundation Symposia, in which groups of leading scientists from a range of topics across biology, chemistry and medicine assembled to present papers and discuss results. The Novartis Foundation, originally known as the Ciba Foundation, is well known to scientists and clinicians around the world.
