Kawamura and Yasuhiro Shirakawa -- Japanese community policing under the microscope / Tom Ellis, Chris Lewis, Koichi Hamai and Tom Williamson -- Knowledge-based policing : future directions -- Introduction to part 2 -- Knowledge management challenges in the development of intelligence-led policing / Jerry Ratcliffe -- A cross-cultural comparison of intelligence-led policing / Frederic Lemieux -- Reassurance policing, community intelligence and the co-production of neighbourhood order / Martin Innes and Colin Roberts -- Generating youth safety from below : situating young people at the centre of knowledge-based policing / Monique Marks and Jennifer Wood -- Identifying the neighbourhoods in neighbourhood policing : a geodemographic example of knowledge-based policing / David Ashby and Dr Foster -- Community policing and prediction / Nick Ross and Ken Pease -- Rethinking governance : conceptualizing networks and their implications for new mechanisms of governance based on reciprocity / Karen Stephenson -- Prioritizing crime problems in Belgium, according to strategic police planning : developing the national police security picture for Belgium by means of a multi-criteria decision-making model / Martine Pattyn and Paul Wouters -- Engaging communities and regulating partnerships -- Introduction to part 3 -- Neighbourhood policing and community engagement : police community support officers in the London Metropolitan Police / Les Johnston -- Integrated security : assembling knowledges and capacities / Julie Berg and Clifford Shearing.

| Sommario/riassunto | Recent trends within community policing suggest that the next generation of community policing will be more ""knowledge-based"", involving a shift toward a problem-oriented and strategic use of information as a basis for management and better use of police resources. The Handbook of Knowledge-Based Policing examines how knowledge-based policing can improve the effectiveness, equity and efficiency of community policing. With contributions from a mix of academics and practitioners, this volume: Critically evaluates the effectiveness of community policing in seven countries. <LI |
