

1. Record Nr.	UNINA9911019953903321
Titolo	Ciba Foundation Colloquia on Endocrinology . Volume 1 Steroid hormones and tumour growth and Steroid hormones and enzymes // general editor for the Ciba Foundation, G. E. W. Wolstenholme, assisted by Margaret P. Cameron
Pubbl/distr/stampa	Philadelphia, : Blakiston Co., 1952
ISBN	9786613679079 9781280768309 1280768304 9780470718742 0470718749 9780470716106 047071610X
Descrizione fisica	1 online resource (271 p.)
Collana	Novartis Foundation Symposia ; ; v.820
Altri autori (Persone)	WolstenholmeG. E. W (Gordon Ethelbert Ward) CameronMargaret P
Disciplina	612
Soggetti	Endocrinology Steroids Hormones
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	CIBA FOUNDATION COLLOQUIA ON ENDOCRINOLOGY; CONTENTS; Foreword by; BOOK I - STEROID HORMONES AND TUMOUR GROWTH; Steroids in relation to cancer from the chemical aspect; Discussion; The role of dietary trace factors in hormone-induced tissue growth; Discussion; The influence of male and female sex hormones on the development of lymphoid tumours in mice; Discussion; Steroid hormones and prostatic cancer in mice; Discussion; Carcinogenic activity of sterols; Discussion; The effect of steroid hormones on experimental pituitary and gonadal tumorigenesis; Discussion Some effects of steroids on the mammary glandDiscussion; Le role des hormones steroïdes dans la croissance normale et pathologique de la

glande mammaire; Discussion; The effect of steroids on the incidence of mammary tumours in mice; Discussion; Hormonal responses of mammary tumours in mice; Discussion; Anti-tumour activities of steroids in animals; Discussion; The anti-androgenic control of human cancer; Discussion; Administration of massive dosage of estrogen to breast and prostatic cancer patients; blood levels attained; Discussion The modification of turnour-host relations by steroid hormonesDiscussion; Steroid hormones and cancer; Discussion; ACTH and cortisone in acute leukamia in children; Discussion; Adrenal function and steroid excretion in neoplastic disease; Discussion; Chairman's Closing Remarks

Sommario/riassunto

The Novartis Foundation Series is a popular collection of the proceedings from Novartis Foundation Symposia, in which groups of leading scientists from a range of topics across biology, chemistry and medicine assembled to present papers and discuss results. The Novartis Foundation, originally known as the Ciba Foundation, is well known to scientists and clinicians around the world.
