

1. Record Nr.	UNINA9911020100703321
Titolo	Preservation and transplantation of normal tissues : a Ciba Foundation symposium / / editors for the Ciba Foundation: G.E.W. Wolstenholme and Margaret P. Cameron, assisted by Joan Etherington
Pubbl/distr/stampa	London, : J. & A. Churchill Boston, : Little, Brown, 1954
ISBN	9786613679215 9781280768446 1280768444 9780470718889 0470718889 9780470716298 0470716290
Descrizione fisica	1 online resource (276 p.)
Collana	Novartis Foundation Symposia ; ; v.876
Altri autori (Persone)	WolstenholmeG. E. W (Gordon Ethelbert Ward) CameronMargaret P
Disciplina	612.602
Soggetti	Tissues - Preservation Transplantation of organs, tissues, etc
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and indexes.
Nota di contenuto	<p>PRESERVATION TRANSPLANTATION AND OF NORMAL TISSUES; CONTENTS; General problems of immunity; Discussion; General surgical problems of tissue transplantation; Discussion; Long-term, large-scale tissue culture; Discussion; Transplantation of preserved non-viable tissues; Discussion; Storage and homografting of endocrine tissues; Histological evolution of rat gonadal tissue transplanted after freezing and thawing; Discussion; Transplantation of cultivated parathyroid gland tissue in man; Discussion; The behaviour of embryonic endocrine homografts; Discussion; Preservation of blood; Discussion</p> <p>Biophysical aspects of the freezing of living cellsDiscussion; Methods for analysing thermal stress with tissue culture technique; Discussion; The storage of skin; Discussion; The preservation of nerve grafts;</p>

Discussion; The preservation of arteries and other tissues for clinical use; Experimental and clinical observations on the transplantation of blood vessels; Discussion; The present state of corneal grafts; Discussion; The tissue bank, its operation and management; Discussion

Sommario/riassunto

The Novartis Foundation Series is a popular collection of the proceedings from Novartis Foundation Symposia, in which groups of leading scientists from a range of topics across biology, chemistry and medicine assembled to present papers and discuss results. The Novartis Foundation, originally known as the Ciba Foundation, is well known to scientists and clinicians around the world.
