

1. Record Nr.	UNINA9911020166003321
Titolo	Growth of the nervous system : a Ciba Foundation Symposium // edited by G.E.W. Wolstenholme and Maeve O'Connor
Pubbl/distr/stampa	Boston, : Little, Brown and Co., 1968
ISBN	9786613618863 9781280589034 1280589035 9780470719633 047071963X 9780470717233 0470717238
Descrizione fisica	1 online resource (310 p.)
Collana	Ciba Foundation symposium
Altri autori (Persone)	WolstenholmeG. E. W (Gordon Ethelbert Ward) O'ConnorMaeve
Disciplina	596.018 596/.01/8
Soggetti	Neurology Embryology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and indexes.
Nota di contenuto	GROWTH OF THE NERVOUS SYSTEM; Contents; Chairman's opening remarks; Growth of the nervous system: an introductory survey; Formation of functional interneuronal connexions between explants of various mammalian central nervous tissues during development in vitro; Discussion; Regulative factors in the orderly growth of retinotectal connexions; Cell division and migration in the brain after optic nerve lesions; Discussion; Development of limb movements: embryological, physiological and model studies; Discussion; General Discussion; The beginnings of coordinated movements in the chick embryo DiscussionDevelopment of limb innervation; Discussion; Biological aspects of the nerve growth factor; Discussion; Action of heavy water [D20] on growth and development of isolated nervous tissues; Discussion; Endocrine influences in neural development; Discussion;

Penetration of labelled amino acids into the peripheral nerve fibre from surrounding body fluids; Discussion; Transport of material along nerves; Discussion; Development and maintenance of neurotrophic relations between nerve and muscle; Discussion; The role of acetylcholine as a trophic neuromuscular transmitter; Discussion General DiscussionAuthor index; Subject index

#### Sommario/riassunto

The Novartis Foundation Series is a popular collection of the proceedings from Novartis Foundation Symposia, in which groups of leading scientists from a range of topics across biology, chemistry and medicine assembled to present papers and discuss results. The Novartis Foundation, originally known as the Ciba Foundation, is well known to scientists and clinicians around the world.
