Sommario/riassunto	A great reference for all beginner traders. Aiki Trading will look at a robust method to understand what the market is doing in a specified timeframe. Essentially, markets are either trending up, trending down, or is in sideways or range bound congestion. Chapters are devoted to each of these three conditions, and the concepts are explained in depth. In addition, specific trading strategies will be explored for the different market conditions. These strategies are what I define as high probability, low risk trading strategies that have higher probability of success because it conforms
