| Sommario/riassunto | This book is designed to help researchers achieve success in funding their National Science Foundation (NSF) research proposals. The book discusses aspects of the proposal submission and review process that are not typically communicated to the research community. Written by authors with successful track records in grant writing and years of experience as NSF Program Directors, this book provides an insider's view of successful grantsmanship. Written in a practical approach, this book offers tips that will not be found in official paperwork and provides answers to questions frequently asked |
