#### Sommario/riassunto

This comprehensive medical text, 'Cancer Consult: Expertise in Clinical Practice, Second Edition - Volume 1: Solid Tumors Supportive Care', offers in-depth coverage of the diagnosis, treatment, and supportive care of solid tumors. Edited by Syed A. Abutalib, Maurie Markman, Al B. Benson III, and Hope S. Rugo, the book is designed for healthcare professionals involved in oncology. It includes insights from leading experts on various cancer types, including central nervous system, breast, and gynecological cancers, among others. This volume serves as a valuable resource for clinicians seeking to enhance their knowledge and improve patient outcomes through evidence-based practices and strategies.
