

1. Record Nr.	UNINA9911020413303321
Autore	Garg Lalit
Titolo	AI Technologies for Information Systems and Management Science : Proceedings of the 7th International Conference on Information Systems and Management Science (ISMS) 2024 // edited by Lalit Garg, Nishtha Kesswani, Imene Brigui
Pubbl/distr/stampa	Cham : , : Springer Nature Switzerland : , : Imprint : Springer, , 2025
ISBN	3-031-95017-8
Edizione	[1st ed. 2025.]
Descrizione fisica	1 online resource (1045 pages)
Collana	Lecture Notes in Networks and Systems, , 2367-3389 ; ; 1479
Altri autori (Persone)	KesswaniNishtha Briguilmene
Disciplina	006.3
Soggetti	Computational intelligence Engineering - Data processing Management Computational Intelligence Data Engineering
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This book brings together leading experts, academics, and industry professionals to explore how AI is transforming decision-making, data analytics, operations, and strategic management across diverse sectors. Dive into the cutting-edge world of artificial intelligence with AI Technologies for Information Systems and Management Science, a comprehensive book is featuring peer-reviewed research from the 7th International Conference on Information Systems and Management Science (ISMS 2024). Covering topics such as intelligent systems, machine learning integration, AI-driven process optimization, and ethical considerations, this proceedings book offers a rich blend of theoretical insights and practical applications. Whether you're a researcher, practitioner, or student, you'll find valuable perspectives on how emerging AI technologies are reshaping the foundations of modern information systems and management practices. Gain inspiration from real-world case studies, stay ahead with the latest

innovations, and deepen your understanding of AI's role in driving smarter, more adaptive organizations. With contributions from global thought leaders, this book is an essential resource for anyone interested in the future of intelligent business and digital transformation. Embrace the power of AI—empowering tomorrow's systems, today.
