#### Sommario/riassunto

The future of B2B marketing isn't coming — it's already here. The second volume of the significantly updated edition of "B2B Marketing" dives deep into the execution layer of modern marketing. This edition is packed with AI/PI-driven methods, advanced digital tactics, and best-in-class case studies from global leading companies such as Daikin, Mayr, Predictores, SK Laser, Thyssenkrupp and Würth to help B2B professionals scale growth, deepen relevance, and lead in a data-first world. Whether building a smarter lead generation engine, optimizing touchpoints, embracing account-based strategies, or navigating social selling and influencer marketing, this book provides the frameworks, tools, and insights to turn vision into reality. Readers will learn how to ignite digital growth, master touchpoint performance management, and align content strategy with AI. Essential for CMOs, marketing professionals, strategists, and consultants, this volume is a must-have for moving from theory to results. Volume 1 gave you the roadmap. Volume 2 gives you the tools to drive it.
