Gender issues in Scientific Journal Editorship -- United States Corporate Governance 4.0: Future Proofing after COVID -- The Cost of Cleaner Cars: The Congo Conundrum and Cobalt Sourcing for Electric Vehicle Manufacturers -- Analysis of Proposed Artificial Intelligence Regulations: Perspectives from the United States, China, and the European Union.
Sommario/riassunto	This book gathers selected contributions from the 8th Annual Global Corporate Governance Institute, a hybrid conference held in Baton Rouge, Louisiana, on June 8–10, 2022. The chapters present the work of internationally respected scholars and experts, focusing on corporate social responsibility, sustainability, ethics, corporate governance, finance, and responsible investing. In this context, it highlights the latest research findings on responsible action and their practical implications for business, society, science, and politics. The results of the empirically and theoretically based contributions offer a unique and multi-faceted perspective on current global trends and expected developments in this area. Accordingly, the book offers a valuable resource for academics, policymakers, and practitioners who want to drive effective change to tap their organizations' full potential.
