Sommario/riassunto	This is the first edition of this title. A revised edition has now been released (9781604919554) If your team isn't getting results, you may think the problem starts with a failure in leadership. While the person in charge may have issues, a leadership problem doesn't necessarily mean you have a "leader" problem. Leadership is not just about the people at the top, but is a social process, enabling individuals to work together as a cohesive group to produce collective results. This book will show you how to diagnose problems in your team by focusing on the three outcomes of effective leadership: direction, alignment, and commitment. By assessing where your group stands in each of these outcomes, you can plan and implement the changes necessary to get better results.

2. Record Nr.	UNINA9911020431403321
Titolo	Digital Geologic and Geographic Information Systems
Pubbl/distr/stampa	[Place of publication not identified], : American Geophysical Union, 1989
Descrizione fisica	1 online resource (vii, 62 pages) : illustrations
Collana	Short course in geology
Disciplina	910.285
Soggetti	Geography - Data processing
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
