Sommario/riassunto

"In our tumultuous times, understanding and achieving resilience have never been more important. Some organizations have resilience in their DNA. They possess the agility of mind, culture, and organization to survive and thrive no matter what is put in their way. Building Resilient Organizations is focused on identifying what sets these enterprises apart, exploring the nature of resilience for organizations. Along the way, we discover some inspiring global examples of resilient projects in practice and some novel thinking for leaders to consider about what it takes to be resilient over the long haul. With contributions from leading thinkers and practitioners from throughout the world, Building Resilient Organizations will enable you and your organization to further develop resilience as a muscle in your organization"--
