

1. Record Nr.	UNINA9911022454603321
Autore	Lu Guangtian
Titolo	Operation Modeling and Collaborative Regulation of Distributed Energy Grid Clusters
Pubbl/distr/stampa	Singapore : , : Springer, , 2025 ©2025
ISBN	981-9699-42-8
Edizione	[1st ed.]
Descrizione fisica	1 online resource (347 pages)
Collana	Smart Energy Systems Series
Altri autori (Persone)	YangMing GuoYu AiQian HaoRan
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This book delves into modeling, multi-cluster interactive dispatch, and multi-energy coordination in distributed energy grid clusters, focusing on the integrated operation and scheduling of electricity, heating, and gas systems.
