

1. Record Nr.	UNINA9911022464303321
Autore	Srivastava Nidhi
Titolo	Biomedical Applications of Microbial Nanomaterials
Pubbl/distr/stampa	Singapore : , : Springer, , 2025 ©2025
ISBN	981-9689-23-6
Edizione	[1st ed.]
Descrizione fisica	1 online resource (372 pages)
Collana	Materials Horizons: from Nature to Nanomaterials Series
Altri autori (Persone)	KumarManmohan
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This book outlines the practical applications of microbial nanomaterials in healthcare with an easy-to-understand approach. The first chapter of the book summarizes the biosynthesis of microbial nanomaterials and the various strategies involved in the process.
