

1. Record Nr.	UNINA9911026142203321
Autore	Walsh Christopher
Titolo	Natural Product Biosynthesis : Chemical Logic and Enzymatic Machinery // Christopher T Walsh and Yi Tang
Pubbl/distr/stampa	London : , : Royal Society of Chemistry, , [2017] ©2017
Edizione	[First edition.]
Descrizione fisica	1 online resource (818 pages)
Disciplina	612.0151
Soggetti	Enzymology Natural products - Biotechnology Organic compounds - Synthesis
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This textbook describes the types of natural products, the biosynthetic pathways that enable the production of these molecules, and an update on the discovery of novel products in the post-genomic era.
