

1. Record Nr.	UNINA9911028660003321
Autore	Yang Yang
Titolo	Positioning and Sensing over Wireless Networks
Pubbl/distr/stampa	Cham : , : Springer, , 2025 ©2025
ISBN	3-031-99162-1
Edizione	[1st ed.]
Descrizione fisica	1 online resource (286 pages)
Collana	Wireless Networks Series
Altri autori (Persone)	ChenMingzhe LiuFan MaoShiwen
Disciplina	621.384
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This book covers the principles, methods, and state-of-the-art applications of positioning and sensing across both ground-based and aerial wireless networks. The first two chapters introduce key performance metrics and measurement techniques along with enabling tools.
