

1. Record Nr.	UNINA9911028756403321
Autore	Wu Ji
Titolo	International Cooperation in Space Science
Pubbl/distr/stampa	Singapore : , : Springer, , 2025 ©2025
ISBN	981-9683-66-1
Edizione	[1st ed.]
Descrizione fisica	1 online resource (106 pages)
Collana	SpringerBriefs in Applied Sciences and Technology Series
Altri autori (Persone)	GimenezAlvaro
Disciplina	500.5
Soggetti	LAW / International SCIENCE / Physics / Astrophysics SCIENCE / Space Science / Astronomy
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This book provides an in-depth overview of today's international cooperation in space science, with highlights on space science satellite programs. Unlike application satellites, data from space science satellites is open to global scientists for joint participation and analysis.
