### Sommario/riassunto

"The book tackles the contemporary democratic malaise in France head-on, presenting an impressive collection of conceptual and empirical analyses of the increasing gap between the French citizens' aspirations and unresponsive and increasingly insulated political elites." —Hanspeter Kriesi, European University Institute, Italy "A groundbreaking brilliant analysis of France's democratic challenges, masterfully combining elite and citizen perspectives. It not only diagnoses and deconstructs the growing divide but proposes innovative solutions to reconnect politics and society." —Jean-Benoît Pilet, Université Libre de Bruxelles, Belgium "A timely and essential analysis of the strains confronting democracy in contemporary France, offering a vital resource that illuminates not only the French case but the wider challenges facing democracies today." —Natasha Wunsch, University of Fribourg, Switzerland Authoritarian populism is challenging contemporary democracies, raising concerns about their resilience. Using France as a magnifying lens, we show that while the gap between political elites and ordinary citizens is widening, the French remain strongly committed to democratic values, calling for greater participation and responsiveness of institutions. French democracy is on a razor's edge, with mounting citizen frustrations and awaited reforms. Élodie Druez, F.R.S.-FNRS Research Fellow at Université Libre de Bruxelles, GERME, Belgium. Frédéric Gonthier, Full Professor of Political Science at Sciences Po Grenoble, University of Grenoble-Alpes, Pacte, CNRS, France. Camille Kelbel, Scientific Advisor at F.R.S-FNRS, Belgium.
